GROUP TRAINING WORKSHOP

RECEPTIONIST AND FRONT DESK SKILLS

ABOUT BLUELIGHT CONSULTING

BlueLight Consulting is pleased to announce a course on customer service for the receptionist and front desk professional and is inviting interested individuals, groups and organizations to attend this highly interactive course in order to build strong front office service skills. BlueLight Consulting, established in 2016, is a Malawian contemporary consulting firm that specializes in the provision of corporate consulting, training, research and business advisory services. Our vision is to be the most trusted and respected consulting firm recognized by our clients for delivering excellence in research, training and consultancy. Our mission is to serve our clients by providing the highest quality of training, research and consulting services that address their business needs. This we shall do by attracting, recruiting, and retaining the most knowledgeable and passionate professionals and provide a collaborative culture that enables them to thrive professionally and personally.

COURSE OVERVIEW

Several phone lines are ringing, lights on the phone are blinking, co-workers are asking questions, and here comes a customer or client. How does the person manning the front desk of an office or business handle several people simultaneously with professionalism and poise?

This fast-paced course is specifically designed to answer this and other important questions for those who work as an organization's first impression representative at the front desk. In addition to learning the elements of effective verbal and visual communication, participants will find out how to expertly satisfy even the most demanding difficult visitors without jeopardizing their health and safety.

COURSE OBJECTIVES

At the conclusion of the course, participants should be able to:

- Describe the components of a professional image at the front desk
- Understand that their workplace is an extension of themselves and should reflect a professional image as well.
- Manage telephone communication with clarity, accuracy and courtesy.
- Improve telephone skills with those they meet face-to-face.
- Interpret the body language of others to determine how best to communicate with them.
- Minimize the interruptions caused by visitors and co-workers in a tactical yet determined way
- Implement strategies for dealing politely and successfully with discourteous, demanding, or dissatisfied visitors.

COURSE OUTLINES

- BEST FOOT FORWARD:** Features of a Professional Image.
- ONE STEP BACK:** What will ruin the Image.
- WHOSE LINE IS IT ANYWAY?** Taking and Making calls like a Pro.
- BEYOND WORDS:** What the Body says.
- SUCCESS AT THE FRONT:** 10 Commandments of Front Desk officers
- GRACE UNDER PRESSURE:** Handling difficult people with Diplomacy and Tact
- LEAVING CUSTOMERS WITH POSITIVE WORDS:** Professional goodbye

COURSE FEES:

MK105,650.00 per participant to cater for course materials, certificates, teas and lunch

COURSE DATES:

5th-6th September 2019

VENUE:

Serendib Suites and Conference Centre

Timothy Creuz Malcolm Nzima is a top-notch, seasoned professional marketer, trainer and motivational speaker with over 18 years of consulting experience. He holds a Master of Business Administration and a Bachelor of Business Administration from University of Malawi-The Polytechnic where he also lectured on Marketing and Strategy for seven years before joining the private sector where he held several senior positions in Sales and Marketing.

bwinobwino

Food and Agriculture
Organization of the
United Nations

STOP THE SPREAD OF CORONA VIRUS WASH YOUR HANDS

Step 1

Wet your hands with clean running water (warm or cold), turn off the tap.

Step 2

Apply soap while your hands are still wet.

Step 3

Lather your hands by rubbing them together with soap. be sure to lather the backs of your hands, between your fingers and unders your nails. scrub your hands for atleast 20 seconds.

Step 4

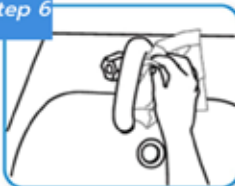

Rinse hands well under clean running water

Step 5

Dry hands using a clean towel or air dry them.

Step 6

Clean the tap handle with a clean towel .

COVID-19 is real! protect yourself and others
